BSNL launches IPTV service in city

AHMEDABAD: Indian public sector telecom major Bharat Sanchar Nigam Ltd (BSNL), in association with WICE Net Limited and DiviNet Access Technology Ltd, launched its internet protocol television (IPTV) service here on Wednesday. The service will be offered to broadband subscribers on a payment basis under the brand name of Wice TV. The TV channels encoded in the IP format are delivered to TV sets in digital format using the IPTV set top box called Wice box. Apart from giving over 100 TV channels initially, Wice TV will also give additional services like video on demand, satellite based regional radio services, games etc. After Ahmedabad, the consortium plans to extend the services
